Annual Meeting 2008: Mr. Young gave a brief overview of the administrative meeting to be held on February 27, 2008. Dr. Chris Lowenkamp, University of Cincinnati, will present a summary of the statistics project. Following his presentation Dr. Samuel Nunn, Center For Urban Policy and Development, will give a presentation on obtaining outcome measures.

As discussed in the October and December meetings, the first plenary session speaker confirmed is Dr. Carlo Diclemente who will speak on the "Process of Change". Mr. Young addressed the committees' previous concern of Dr. Diclemente presenting with Mr. Ray Daugherty. The committee was assured that Dr. Diclemente's presentation would be within IJC guidelines and that Ms. White would be reviewing the presentation.

Mr. Young updated the committee on the favors for annual meeting. The favors for this years meeting will feature a recyclable lunch bag containing a pen, highlight, post-it pack (made of recyclable paper), miniature calculator, and stress ball.

Mr. Young informed the committee members he would be asking them to assist in making introductions during the meeting. He asked all members to notify him within a week if they were interested in making a particular introduction or attending a particular session.

Judge Roberts asked who was invited to the annual meeting. Mr. Young informed him that an invitation was sent to all A&D supervising judges and program staff as well as all trial-court judges in Indiana.
